

To really enjoy this movie, you probably need to take a drink every time someone says a word! But we'll take it easy and have fun watching physics be redefined.

- Well, we're all fans of the storms so make a toast to the tornadoes in this film. Multi-funnel storms give you a chance to catch up!
- This utopian future seems to love solar panels. So when you see one, give yourself a little energy to get through to the next one you see.
- Every once in a while, someone in the movie realized they need to take a drink so don't let them drink alone.
- Did someone say GeoStorm? What the heck is that? Why it's the name of our drinking game!
- Drink once to each city's Unnatural Weather Phenomenon. This will help you get started and finish strong.
- See a gratuitous countdown clock on screen and you can take a drink if you have any left to take.
