

THE DAY AFTER TOMORROW

DRINKING GAME

Companion to Episode 123 Movie Commentary

- When your favorite disaster scene comes on (one per person), announce it while everyone else tips one back.
- Did you just see that? Have a drink when a famous site is destroyed by the storm.
- Are they talking about another weather “model”? Take a drink every time you hear that word. You may be in the bag before the storm hits New York.
- Bilbo and his two assistants at the Hedland Climate Research Center toast to their lives, you should too.
- SPOILER ALERT! Drink to Frank when he visits the Galleria shopping mall.
- Did the President make a decision? It’s about time. I’ll drink to that.
- Always raise a glass to Lady Liberty when you see her.

Please drink responsibly. Don’t drink and drive. Support your local Uber and Lyft drivers. Don’t drink and chase. Designated Drivers are cool. Other people drink alone too, don’t feel bad. Jell-O shots are always fun. For great weather drink recipes, listen to Episode 40 of Storm Front Freaks Podcast. If you’re underage or on the wagon, Root Beer works great too.
